PROFILE

Computer Science (AI & ML) undergraduate at Chitkara University with hands-on experience in full-stack web development, machine learning, and data analysis. Proficient in Python, JavaScript, Flask, and Django, with experience building practical applications and solving real-world problems through technology. Strong analytical and problem-solving skills, with a commitment to developing scalable, user-focused solutions and continuously expanding technical expertise.

EDUCATION

B.E. Computer Science & Engineering (AIML) | Expected Graduation: 2028

Chitkara University, Punjab

12th Grade | 2024

Peace Public School, Ludhiana

10th Grade | 2022

Peace Public School, Ludhiana

TECHNICAL SKILLS

- Programming Languages: Python, C++, Java
- Web Technologies: HTML, CSS, JavaScript, Django, Flask
- ML / Data Science: Pandas, NumPy, Scikit-learn, Supervised Learning, Data Cleaning & Preprocessing
- Tools: Git, GitHub, VS Code, Jupyter Notebook, Google Colab

PROJECTS

Edukara — E-Learning Platform | HTML, CSS, JavaScript

Developed a responsive e-learning platform using HTML, CSS, and JavaScript, enabling users to browse courses through an intuitive and user-friendly interface.

Scribio — Blogging Platform | JavaScript, Flask, Django

Developed a full-stack blogging platform with Flask, Django, and JavaScript, allowing users to create, edit, and publish blog posts through a dynamic web interface.

Food Wastage Prediction — Group Project

- Built a supervised machine learning model in Python, using Pandas, NumPy, and Scikit-learn, to predict the likely amount of food wasted at an event or party based on user-provided event details.
- Collaborated with a team to collect and preprocess input data, engineer features, train the prediction model, and evaluate its accuracy.
- Applied core data analysis concepts including data cleaning, feature selection, and model evaluation.

CERTIFICATIONS

- Microsoft Certified: Data Fundamentals (DP-900)
- Microsoft Certified: Azure Fundamentals (AZ-900)
- Microsoft Certified: AI Fundamentals (AI-900)

CORE STRENGTHS

- Strong analytical and problem-solving mindset
- Quick learner, currently expanding skill set toward data analytics tools and techniques
- Effective team collaborator, demonstrated through group project work
